COMMITMENT TO SUCCESS

At Endunamoo Africa, we are committed to supporting your achievement in the APC assessment and your professional journey as a CA. Our programme offers:

- **Development of core competencies:** Cultivate critical thinking, business acumen, digital acumen, ethical leadership, and effective communication - skills essential for APC and your career through our proven competency framework that has consistently placed our candidates in the TOP 10.
- **Personalised support:** Receive targeted feedback on assessments, enhanced by our AI tool, to ensure continuous improvement and excellent outcomes.
- **Unlimited consultations:** Access expert guidance before and after your case study assessments.
- **Technical excellence:** Strengthen your technical knowledge with comprehensive access to our CTA content library.
- **Mentorship:** Engage with experienced mentors who provide both professional and emotional support throughout your APC journey.

You will gain strong technical knowledge, practical use of SAICA handbooks, and essential professional skills for APC success and future business leadership.

WELCOME TO ABC

Our APC Bridging Course is a preparatory course specifically and exclusively designed for CIMA (CGMA, ACMA and FCMA) and ACCA in Zimbabwe [ACCA(Z)] professionals who are looking to bridge their technical knowledge gap and develop technical proficiency with regards to financial reporting (ACC), auditing and assurance (AUD) and taxation (TAX) prior to joining an APC Professional Programme.

The APC Bridging Course is tailored for finance professionals – including directors, chief financial officers, managers, accountants, and analysts – who either have limited recent exposure to external auditing, taxation, and financial reporting or have not recently studied. Our expert lecturing team demystifies complex technical content, making learning straightforward and accessible.

Throughout the course, you will engage with the APC Competency Framework and receive guidance through case study-based assessments modelled on previous APC exams. The focus is on strengthening and embedding your technical knowledge to maximise your success in the APC.

The course runs from January to July, positioning you to seamlessly transition into our **Catch-Up APC Programme** and prepare effectively for the APC December 2026 assessment.

“The Endunamoo CTA notes and videos are literally beyond excellence

And we all learn differently, so if you're the type that learns better from listening, then the videos will be pure gold for you.”

*Nthabiseng Mathonsi ACMA,
CGMA, CA (SA)*

EXPERT LEARNING WITH A PERSONAL TOUCH

PROGRAMME OVERVIEW

The APC Bridging Course is structured in an intuitive manner to facilitate a nature transition into our **Catch-Up APC Programme**:

TRANSITION TO CA PHASE: We will introduce and guide you through the technical resources to use to build technical competence. We will also unpack our 9-point APC Competency Framework that will guide your professional developmental journey throughout the course.

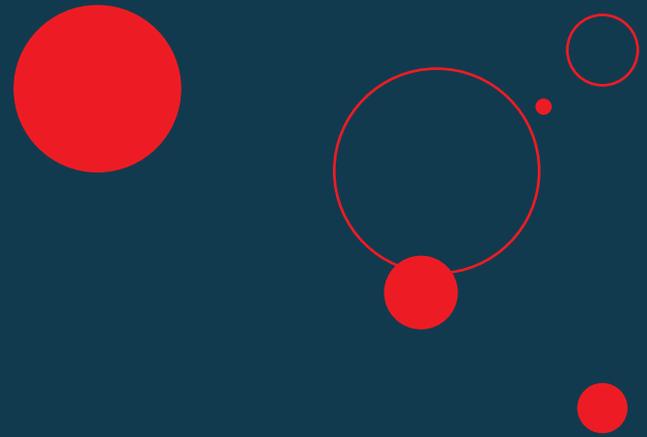

TECHNICAL PHASE: The objective of this phase is to elevate your CGMA and ACCA competencies to the technical standard expected in SAICA, ICAZ, or ICAN ITC/IAC assessments, with a focus on APC requirements. You will develop proficiency in key CA disciplines – accounting (ACC), auditing (AUD), and taxation (TAX) – while management accounting (MAF) and strategic management (SRMG) are assumed at mastery level and further enhanced through targeted tutorials.

CONTACT SESSIONS

Weekend: Saturdays ONLY, 08h00 – 12h30

Evening: Tuesdays ONLY, 18h00 – 21h00

Each session starts with a task with instant feedback

“The consultations were very useful. Things start making sense for you to say, oh, I’m not getting a competent outcome for auditing because I still don’t have my auditing hat on. Therefore, I need to start thinking like an auditor instead of a financial manager. You learn such things through your consultations with the academic team.”

Buhle Khumalo ACMA, CGMA, CA (SA)

COURSE STRUCTURE

These are the key elements embedded in the **APC Bridging Course** are outlined below:

LIVE CONTACT SESSIONS: The limited number of live contact sessions, which are supplemented by pre-recorded content. Unlike typical lecture sessions, the objective of the live contact sessions is to facilitate engagements to sharpen your critical thinking, business, leadership as well as people skills.

CTA MATERIAL & VIDEO LIBRARY: We provide you with full access to the CTA online library with videos and course material to help you build and/or entrench your technical knowledge as well as to enhance your technical proficiency during your research period.

COMMUNITY ENGAGEMENTS & PRIVATE CONSULTATIONS: Using LinkedIn style platform, you will be provided with guidance and get a chance to engage with our lecturers to have all your academic queries answered efficiently and in a timely manner. Our team is also available via private consultation slots to assist you with developing / enhancing your personal study approach and clarifying any complex matter that you might have encountered during your studies.

EXAM TECHNIQUE THROUGH MINI-ASSESSMENTS & PRACTICE EXAMS, LEVERAGING THE POWER OF AI: We have several mini-assessments throughout the course that we mark using AI and provide you with personalised and comprehensive feedback to help you understand your developmental areas much earlier in your journey as well as guidance to addressing these shortfalls – including ways to enhance and entrench your areas of excellence. The assessments are integrated into each session to lighten the burden of work during the course.

WELLNESS SUPPORT: We partner with coaching experts, candidates that have walked the journey, so that they can help you achieve the confidence you need to overcome your exam anxieties and the bumpy parts of the journey. You are never alone in the programme and the whole team is behind you, regularly checking up on you to see if you are doing well and fitting in and well managing the programme and its commitment.

All course material is available on a virtual basis only to make it easier to access wherever you are in the world.

YOU ARE NEVER ALONE. WE ARE WITH YOU EVERY STEP OF THE WAY
