EXPERT LEARNING WITH A PERSONAL TOUCH

COURSE BENEFITS

Registration into the CTA On-Demand grants the following benefits:

- You have **full control** over your study schedule as you can **join and exit the programme as and when required**, to meet your technical needs, work commitments and personal commitments
- You receive **support every step of the way** through technical guidance notes and videos so that you can secure maximum value from your subscription
- You have **access to a high-quality library** of pre-recorded videos and quality lecture material, including question banks to ensure you receive the best from your restricted time of study
- You have the **opportunity to connect with other candidates and our lecturers** via our Viva Engage Community, so that you are never alone on this journey

This offering is suitable for you, even though you might be registered with other ABC, BCTA, CTA, IAC or APC providers. If you are registered with us, the CTA On-Demand is added at no additional charge

WELCOME

Our CTA On-Demand Support Course ('CTA On-Demand') is a digital only offering specifically designed for anyone looking to bridge their technical knowledge, improve your examination technique and develop your pervasive skills (critical thinking, business acumen and integrated thinking skills) ahead of the BCTA, CTA, IAC and APC assessments.

For **APC** candidates, the offering can supplement your technical research during the 5-day pre-release period and help you to achieve the depth that is expected of you on the day of the assessment. If you are an **IAC** candidate, CTA On-Demand can help you bridge a significant gap in your technical knowledge and professional skills to enhance your critical reading and thinking skills as well as your business acumen.

If you are a **CGMA or ACCA professional**, taking advantage of the pathway agreements, the offering can do wonders for you in terms of developing and entrenching your technical knowledge, especially with regards to the ACC, AUD and TAX. It will greatly enhance your chances of success in the APC programme and ultimately, the APC assessment.

If you are a **CTA or BCTA** candidate, our offering can complement your existing course material from your CTA provider.

"Two key aspects of the program stood out to me: feedback and access to CTA material. The detailed, personalised feedback from assessments helped me identify areas where I needed improvement. Having access to CTA materials for technical matters was incredibly beneficial."

SHEILA NETSHIAVHA

EXPERT LEARNING WITH A PERSONAL TOUCH

COURSE OVERVIEW

CTA On-Demand is broken down into the following disciplines:

ACC: The focus is the application of IFRS, for both consolidated and separate financials.

AUD: The focus is the International Auditing Handbooks and statutory acts such as Companies Act as well as Code of Good Governance and Code of Professional Conduct, applicable in RSA and ZIM.

MAF: The focus are concepts related to management decision making and control as well as finance.

TAX: The focus is application of the law of taxation for companies, individuals and estates as well as other forms of taxes such as value-added taxation.

PVA: The objective is the development of integrated thinking skills, ethical leadership, attitudes and decision making, digital and business acumens.

The content is founded on the **CA Of The Future** Competency Framework and seeks to equip you to overcome the demands of CTA exams, IAC assessment as well as the APC assessment

technical
contributor in
meetings

COURSE STRUCTURE

These are the key elements embedded in the programme for your success:

CTA ONLINE LIBRARY: We provide you with full access to the CTA online library with pre-recorded videos and course material to help you build and/or entrench your technical knowledge as well as to enhance your technical proficiency during your research period. The material library includes detailed and focused lecture notes, and lecture examples along with the suggested solutions, that are aimed at illustrating the application of the principles in a simple and understandable manner.

QUESTION BANKS: Each discipline is accompanied by a question bank, with approximately ±20 questions, to afford you the opportunity to apply your technical knowledge as you progress through your academic journey.

COMMUNITY ENGAGEMENTS: You will be added to our online community to provide you with guidance and answer all your academic queries throughout your journey with us.

PRIVATE CONSULTATIONS: At an additional nominal amount, our team is available through 30-minute private consultation slots. The objective of a consultation is to assist you with developing / enhancing your personal study approach and clarifying any complex matter that you might have encountered during your studies.

WELLNESS SUPPORT: We partner with coaching experts, candidates and mentors that have walked the journey, so that they can help you achieve the confidence you need to overcome your exam anxieties and the bumpy parts of the journey. We will also help you connect with other candidates so that you can secure your study partners and support you from a wellbeing perspective through a platform we call 'The Wellness Hub.'

We will be with you every step of the way, so you are never alone to figure things out on your own

REGISTRATION & KEY DATES

Please note that registration into the CTA On-Demand is open throughout the year, and you can register for it as and when required.

The primary payment option accepted is through subscriptions via credit card or debit card. If you are looking to set a unique payment structure (e.g. once-off payment for a coverage of period of, say, three months), we can facilitate that at a nominal fee.

We do accommodate employer funding arrangements, at a nominal fee. EFT and YOCO payments are regrettably not accepted.

To register, visit our website www.endunamoo.africa and complete the [online registration form](#).

COURSE FEES

Tuition fee for the CTA On-Demand is as follows:

Item description	Amount
Monthly subscription	
• Individual module (ACC/AUD/MAF/TAX)	R215,00
• All four modules (ACC, AUD, MAF & TAX)	R575,00
Additional value adds	
• 30-minute consultation slot	R350,00
Other charges	
• Once-off charges (activation of a new subscription)	R100,00
• Employer payment admin charges per candidate	R499,50
• Cancelling subscription	FREE

If your employer is paying for you, you will be required to provide employer related information such as the administrator's name, email address and a system generated invoice will be provided to you. Based on our arrangement with your employer, you might need to request your administrator to confirm that payment will be made. Otherwise, your account will be activated immediately in accordance with the payment arrangement we have with your employer. To confirm if we have an employer arrangement with your employer, reach out to us via the contact us form on our website.

Terms and conditions

- The CTA-On Demand Course is not accredited by SAICA.
- Although the content of our CTA On-Demand might be suitable for candidates enrolled for an accredited programme, we confirm that we are not affiliated, licensed nor accredited by any institution to deliver such a support course. Candidates that register with us do so at their own discretion and having a full understanding that it is only to increase their chances of success and develop themselves as future professionals.
- Although the offering can enhance your chances of success in the IAC and APC assessments, this offering is not intended to be a substitute for a professional programme / board course – but it aims to complement the board course offerings.
- CTA On-Demand Course is offered on an online-only basis. There are no revision, workshop, lecture or tutorial classes. You are therefore advised to carefully consider the suitability of the course for your individual needs prior to enrolling as no refunds are applicable.
- A 7-working day cancellation notice is required. Any notice to terminate / suspend your registration will be processed and become effective at the end of the subscription period.
- No refunds are applicable for the month in which access is provided, whether any content was accessed or not.
- Full terms and conditions are on our website.
